PREFATORY NOTE.

[It will be seen by reference to the following list of Proprietary Manors, that many are wanting. It has been deemed proper, however in elucidation of the text and the volumes devoted to the "Minutes of the Board of Property," to preserve copies of such as have been found in a special volume of the present series of Pennsylvania Archives as a separate and distinct volume. The burning of the State printing office, which destroyed volume three, will only delay the publication of that volume a brief time. It is to be regretted that this record of the Manors of the Province of Pennsylvania cannot be made complete, but for the present it is wise to thus preserve what may now be secured. In this connection, it has been seen fit to reproduce Reed's Plan or Map, of Philadelphia, the copy in the Land Department, owing to frequent reference, being in almost illegible condition. Further search may bring to light other Draughts which, in time, may thus be preserved for futurity.]

MANOR OF LOWTHER.

Pursuant to an order of the Board of Property
to me directed Bearing date the 1st day of
April 1776. I have caused the Proprietaries
Manor of Muncy to be divided as above set
Forth and described.

THE MANOR OF MUNCY.

A Draught of the Honorable the Proprietaries Manor of Muncy in the county Northumberland with the divisions therein made as above represented divided the fifteenth day of May 1776. In pursuance of His Honor the Governors order dated the first day of April 1776. Viz: No. 1 Containing Three hundred acres and 139 perches and an allowance of six pt. cent etc. settled on and improved by Mordcai McKinnery. No. 2 Containing Two hundred and ninety-nine acres & an half and allowance as aforesaid, settled on and improved by Peter Smith and Paulus Sheep. No. 3 Containing Three hundred acres & 76 perches & allowance, etc. allowance as aforesaid, settled on and improved by John Brady. No. 4 Containing Three hundred acres and 61 perches & allowance etc. Settled on and improved by Caleb Knapp. No. 5 Containing Three hundred and one acres & 105 perches and allowance etc. Settled on and improved by John Scutter, who is dissatisfied with the manner in which it is laid out alleging there is not Timber sufficient on it for fencing etc. and desires his lot may be laid out agreeable to the Red Lines which contains Two hundred and fifty-four acres & 74 perches and allowance etc. Which would greatly lessen the value of the Lot, Brady possesses. The S. 30 E. Line runs thro a part of Brady's improvements & takes near all the rail Timber from Brady's Lot that is on the south side of the Glade run: So that upon the whole we judge it most convenient & to the General advantage of the Plantations that the black line should remain as the Boundary between Brady & Scutter we have Therefore laid down Scutter's complaint that it may be judged of by his Honor the Governor. It is by no means convenient that any of the Plantations should cross the creek as the Banks on the north side are high and the Creek in time of Freshets flows so very considerable that it is thereby rendered impassable for several days. It is Settled on and improved by Jerome Vanest and John Young as described in the Draught & as in Young's improvements thirty acres and in Vanest's sixty-seven acres.
